

Christmas Stocking

supplies

- Main fabric-(2) 8.5" x 11"
- Lining fabric-(2) 8.5" x 11"
- Coordinating thread
- Felt scraps
- Twill ribbon 6 1/2 in.
- Printed templates
- Embroidery floss

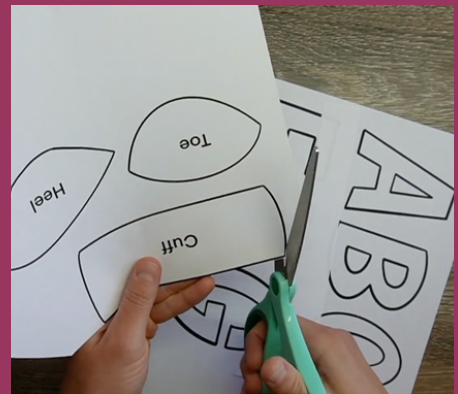

tools

- Sewing Machine
- Pins
- Iron
- Ironing board/mat
- Ruler
- Fabric & paper scissors
- Hand sewing needle (big eye, semi blunt tip)

instructions

1

Print and cut out your templates (stocking, cuff, toe, heel, and letter).

Christmas Stocking

- 2 Place the heel, toe, cuff, and letter cut templates on top of the felt pieces you want to use. Pin them into place, trace them, and cut the pieces out.

- 3 Press your main and lining fabrics. Fold or place the two layers of the main fabric right sides together and lay the stocking template on top, pin in place, trace, and cut the (2) stocking pieces out. Repeat with the lining fabric.

Christmas Stocking

- 4 Leave the lining piece pinned, take it to your sewing machine, and sew using a 1/4" seam allowance around the stocking, leave a 3-4" opening on one side and leave the top open. Backstitch when starting and stopping.

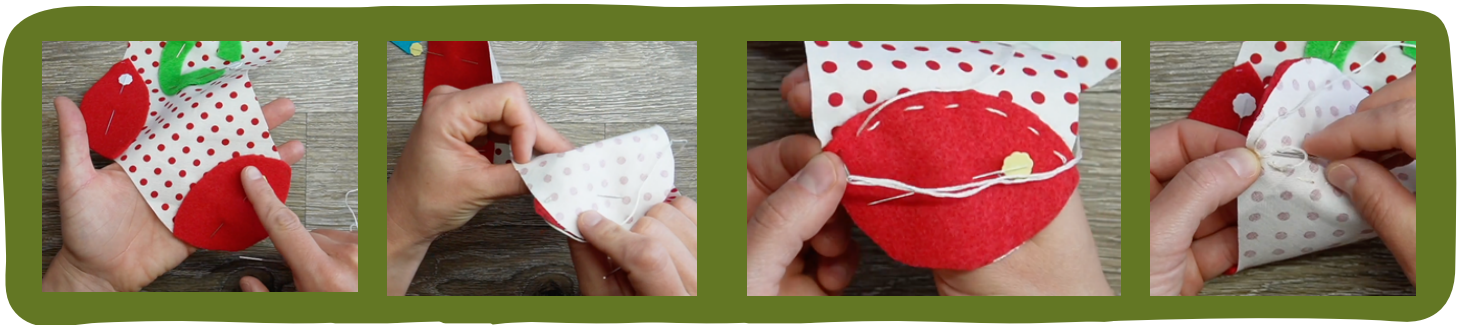

- 5 On the right side of (1) piece of main fabric, decide which direction you want your stocking to hang, and then lay your felt pieces on and pin them into place.

Christmas Stocking

- 6 Using (3) strands of embroidery floss, tie a knot at the end and thread your needle.
- 7 You will stitch using the running stitch along the bottom edge of the cuff, the inside edge of the heel and toe, and around the letter. Hide your knot in the back and secure with a knot at the end.

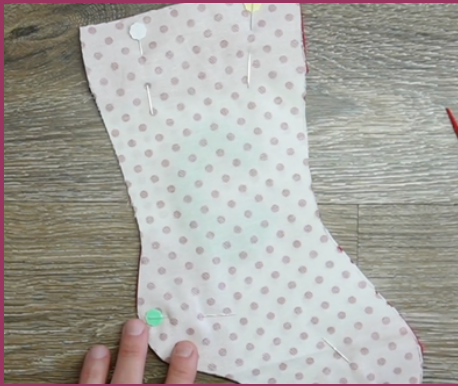

- 8 Once all pieces have been hand stitched on, you can trim the excess felt off if needed.

Christmas Stocking

- 9 Place the two main stocking pieces right sides together and pin them in place. Using a 1/4" seam allowance sew around the stocking leaving the top open.

- 10 Turn the main stocking right side out. Cut your ribbon 6 1/2", and fold in half.

Christmas Stocking

11

Place the main stocking inside the lining fabric (this will be wrong sides out). Line up the top raw edges and the two side seams, and pin them in place. In between the two layers on the seam of the back edge/heel place the ribbon between the layers line up the raw edges, and pin into place.

12

Sew the top edge using a 1/2" seam allowance. Backstitch at the beginning and end.

Christmas Stocking

13

Using the opening in the lining fabric pull the stocking/lining fabric right side out. Fold in the raw edges, finger press and sew the opening closed.

14

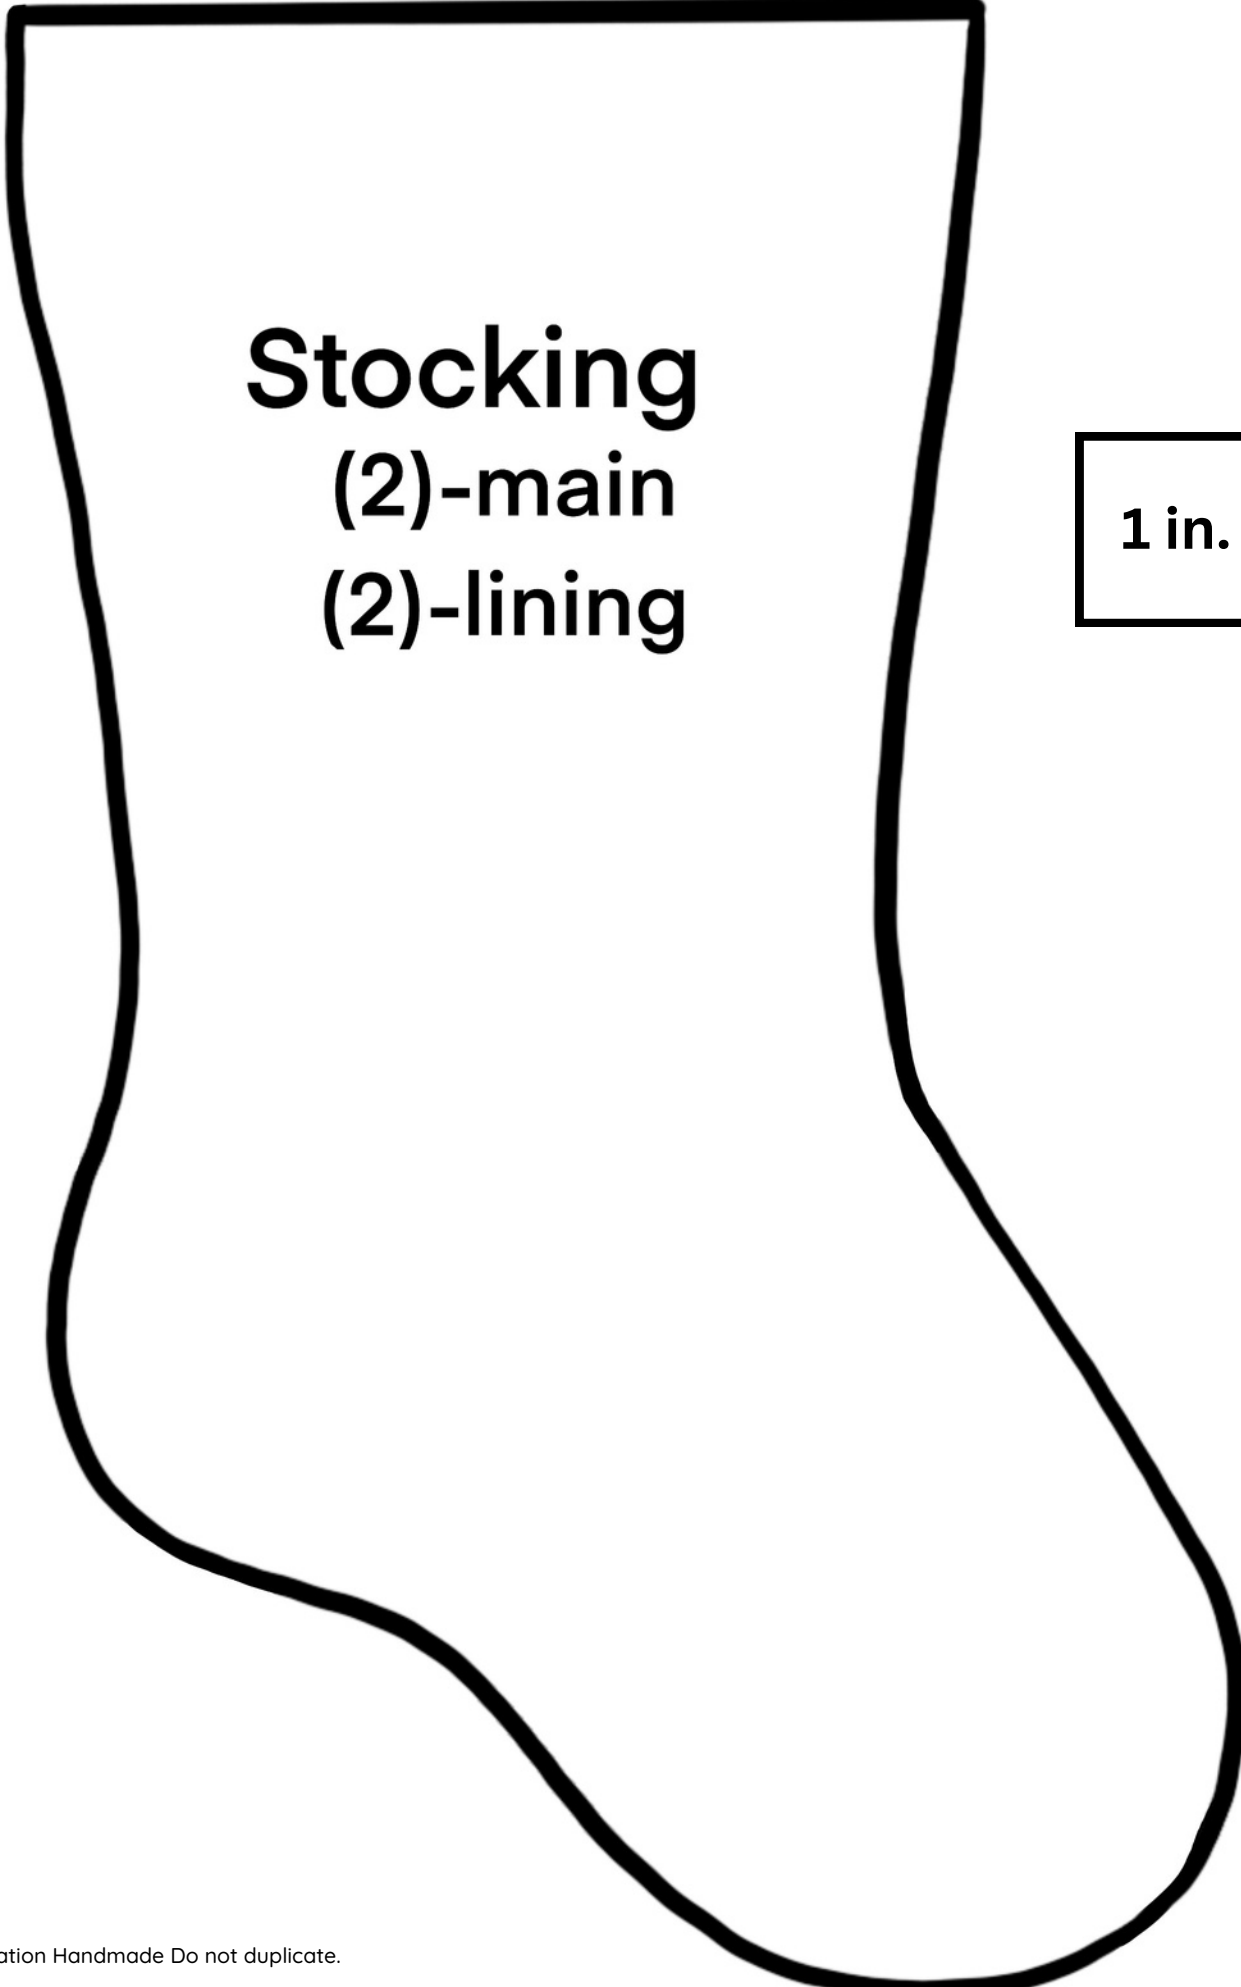

Fold the lining into the main stocking fabric. You are all done!

Christmas Stocking

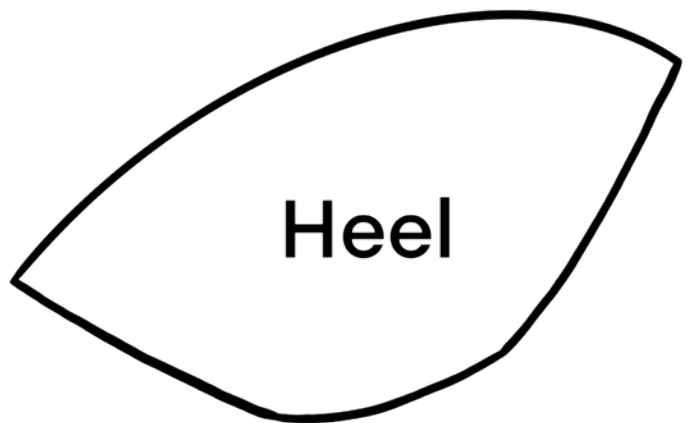

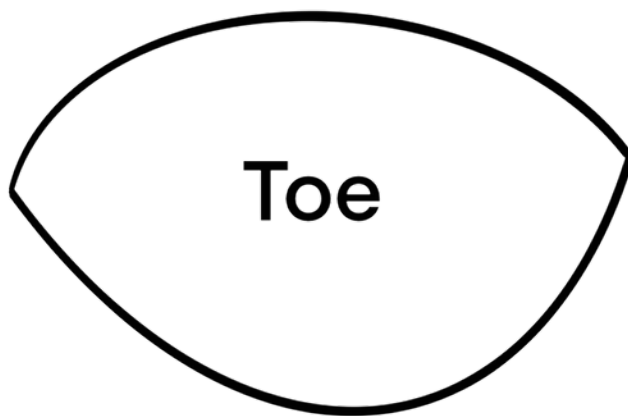

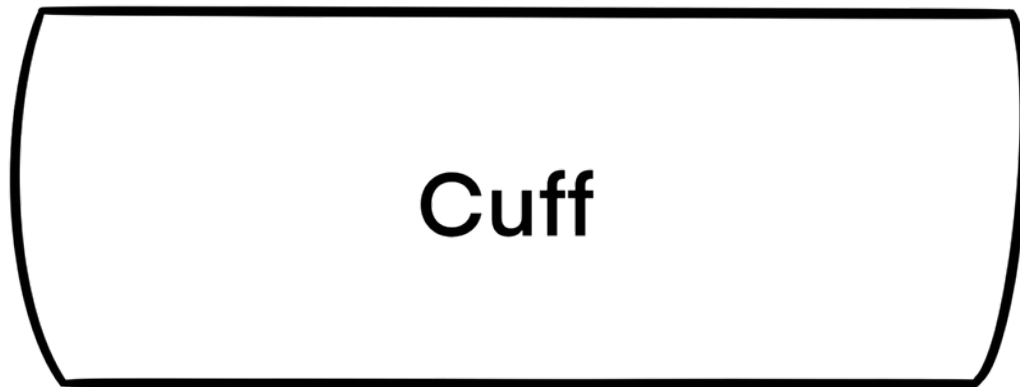

you are
ready to
hang your
stocking!
